

# SHELLHORN & HILL, INC.

Shellhorn & Hill, Inc. has been installing heating and cooling equipment since 1931. We pride ourselves on the superior quality of our installations and go through an extensive process to insure all installations are up to our standards. One of the things that sets Shellhorn & Hill, Inc. apart from the others is the fact that we use the same technicians to service the equipment as we do to install it. This guarantees that the unit will be properly installed and easily accessible for future servicing. On top of the manufacturer's warranty, Shellhorn & Hill, Inc. warrants all parts and labor for a period of one year from the date of the installation.
