

HEATING AND AIR CONDITIONING SERVICE

No one wants to come home and find a problem with their heating or air conditioning system, but when it does call SHELLHORN & HILL. From simple preventative maintenance to complete system replacements, SHELLHORN & HILL is the only call you need to make. In addition to heating oil deliveries, SHELLHORN & HILL has been in the heating and air conditioning service and installation business since 1931. SHELLHORN & HILL services both oil-fired and gas-fired heating equipment and most Air conditioning systems. SHELLHORN & HILL currently provides service to New Castle County Delaware, Cecil County Maryland, Salem County New Jersey and portions of Southeastern Pennsylvania.

At SHELLHORN & HILL, our factory trained service technicians are continually trained in the latest advancements in technology. Our service technician will arrive at your home in a fully-stocked service vehicle allowing them to make most repairs with inventory from their service vehicle. If, in the event that you do require a special-order part that is not carried on the service vehicle, our large network of suppliers allows us to locate the necessary part as quickly as possible. Receiving a timely repair is a comforting feeling.

In addition to heating and air conditioning service and installation, SHELLHORN & HILL also offers service agreements for heating and air conditioning equipment. For oil-fired heating equipment, SHELLHORN & HILL offers a wide range of service agreements ranging from the basic 'BRONZE' service agreement to our best 'PLATINUM' service agreement that includes a 4-hour emergency response and part and labor coverage. SHELLHORN & HILL also offers air conditioning system service agreements that include an annual maintenance check-up and labor coverage for system repair.

For addition information on service agreement please visit our SERVICE AGREEMENT PAGE.
